

SPLICED MOTORIZED TRACK ASSEMBLY INSTRUCTIONS

BY SIMPLY FOLLOWING THESE STEP-BY-STEP INSTRUCTIONS, YOU WILL SOON BE ENJOYING YOUR NEW DRAPERY HARDWARE.

Getting Started:

Please read through all instructions carefully before you begin.

Unpack all materials making sure all components are included:

- Track(s), assembled and folded
- Motor Pulley Housing(s), one per system
- Motor Pulley Wheel(s), one per system
- Motor Pulley Cover(s), with 1 fastener and 4 screws per cover

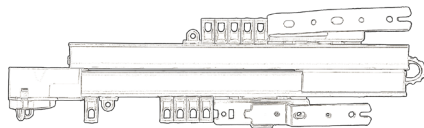

Tools You Will Need:

- Drill with a 1/8" bit and a Phillips bit
- Phillips screwdriver

For FMS Track Systems:

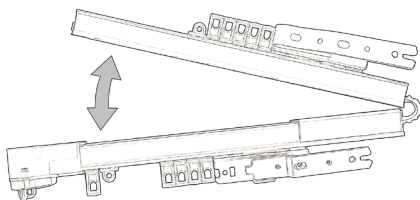

1. Unpack

Carefully unpack your track. Note that it will be folded in half.

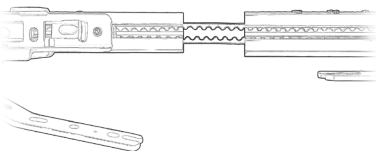

2. Unfold Track

Fully unfold the track.

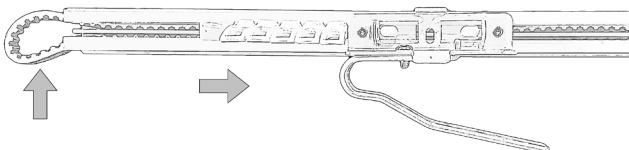

2. Straighten

Ensure the belt is straight.

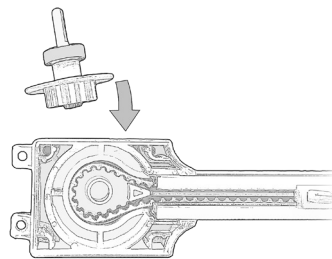

3. Configure Belt

Hold the exposed end of the belt in place while pulling the track away from it. Pull until the two pieces of the track are touching.

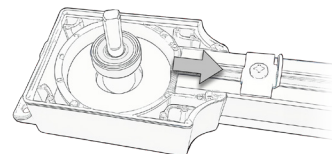

4. Attach Pulley Housing

Slide the pulley housing on the end of the track and place the wheel inside the pulley housing.

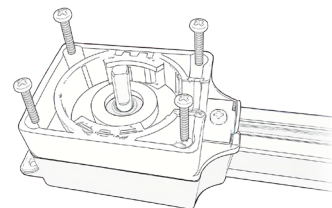

5. Attach Fastener

Slide the fastener into the track.

6. Attach Cover

Place the cover on the pulley. Secure it using the four included screws and the fastener.
