# FOREST IN STOCK FABRICS

**OUR STOCK ROLLER SHADE FABRIC PROGRAM** is designed to offer you design trends in each of three categories - screens, light filtering, and blackout. We believe you will find a color and performance factor to meet your needs within this offering. Fabrics were also selected to work together in a single color palette when you need to pair a screen or light filtering fabric with a blackout. This is helpful when using a double roller shade system or when a single room has a variety of shading requirements.

All fabrics are suitable for any of our roller shade systems.

Fabric images are a close representation, but for best results please email [sales@forestdh.com](mailto:sales@forestdh.com) to order a swatch card.

## SCREENS

With two openness factors, 3% and 5%, our screen collection offers the ideal solution for all needs in terms of heat and/or light management. Screen fabrics are made of high-quality polyester yarns for strength and durability.

**Flame retardant - 118 in. wide**

**WHITE**

# FOREST IN STOCK FABRICS

## LIGHT FILTERING

Our light filtering collection offers transparent fabric that filters the light in a delicate way. The inspired fabric is available in a range of timeless colors.

**Flame retardant - 94 in. wide**

**WHITE**  
75001-04

**CREAM**  
75001-16

**SAND**  
75001-17

**MIST**  
75001-18

**SLATE**  
75001-19

**BLACK**  
75001-20

## BLACKOUT

Our blackout fabric has a flocked backing which gives the back side of the fabric a soft textile appeal. With this fabric the room is completely darkened.

**Flame retardant - 110 in. wide**

**WHITE**  
75002-04
