STOCK ROLLER SHADE FABRICS

OUR STOCK ROLLER SHADE FABRIC PROGRAM is designed to offer you design trends in each of three categories – screens, light filtering, and blackout.

We believe you will find a color and performance factor to meet your needs within this offering. Fabrics were also selected to work together in a single color palette when you need to pair a screen or light filtering fabric with a blackout. This is helpful when using a double roller shade system or when a single room has a variety of shading requirements. All fabrics are suitable for any of our roller shade systems.

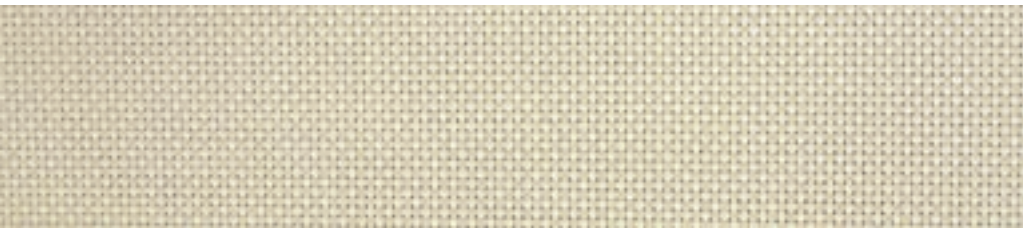

FABRIC IMAGES ARE A CLOSE REPRESENTATION, BUT FOR BEST RESULTS PLEASE EMAIL SALES@FORESTDH.COM TO ORDER A SWATCH CARD.

SCREENS

With two openness factors, 3% and 5%, our screen collection offers the ideal solution for all needs in terms of heat and/or light management. Screen fabrics are made of high quality polyester yarns for strength and durability.

If Applicant does not give written notice to FDH within fifteen (15) calendar days from the date of such invoice of any objection to the Goods listed, the receipt thereof, that such purchase was unauthorized or any other objection, all such objections shall be deemed waived. Applicant waives any and all right to set off claims, which it may assert against FDH, and/or to withhold payment to FDH based on a claim that FDH is indebted to Applicant.
